Dear Parents/Guardians,

Our friends at the California Charter Schools Association just informed us of some sobering news.

Powerful special interests are engaged in a mean-spirited and dishonest campaign designed to discredit and demoralize charter public school educators and families.

These special interests are so threatened by the success and growing demand for schools like ours that they are spending hundreds of thousands of dollars on paid ads that insult the families we serve and undermine the hard work that our teachers are doing in the classroom.

Visit this website <http://p2a.co/GCd4rH2> to learn more about legislation sponsored by our friends at the California Charter Schools Association that will help us:

- Protect our movement for the long-term
- Beat back harmful legislation being promoted by powerful special interests

Or text "CCSA" to 52886 to learn how Senate Bill 806 will set the record straight, once and for all about the integrity of our school, our supporters, and our families. Together we can make a difference!

Sincerely,

A handwritten signature in cursive script that reads "Debra Tarver".
